Sistema brevettato
Patented system

**L'unica maniglia
senza rosetta**

**The only handle
without the rose**

Nuda è una collezione di maniglie che utilizza un innovativo sistema brevettato che ne permette il fissaggio senza rosetta, perfetto per un design minimalista. Il montaggio avviene in pochi secondi senza necessitare di competenze tecniche o attrezzature specifiche. Nuda è adattabile a ogni spessore e tipologia di porta. Le sue funzionalità sono garantite secondo DIN 1906.

Nuda is a collection of handles with an innovative patented system whose assembly does not require anymore the rose.

A minimalist and design solution for any door. The assembly is very quick, it can be done in few seconds and it does not require any specific technical skills and tools. Nuda can be adapted to any thickness and typology of door. The functionality of Nuda is guaranteed by DIN 1906.

**Less is more,
Nuda is magic**

Fissaggio senza viti nel pannello porta

**Assemblaggio rapido stringendo due grani,
disponibile anche versione a un grano**

**Adattabile a diversi fori con diametri da
16 a 30 mm / 0,63 – 1,18 inch**

Sistema brevettato testato oltre 200.000 cicli

Cuscinetto a sfera testato oltre 1.000.000 cicli

**Disponibili accessori coordinati per finestre
e porte blindate**

Prodotto in Italia

Fixing without screws in the door panel

**Fast assembly screwing two grains
(one grain version available as well)**

**Suitable for different holes diameter,
from 16 mm to 30 mm / 0,63 – 1,18 inch**

**Patented system tested over 200.000 cycles
according to European locks standards**

Ball bearing tested over 1.000.0000 cycles

**Coordinated accessories for windows
and armoured doors available**

Made in Italy

A vertical photograph showing a close-up of a dark, possibly black or dark brown, handle. The handle has a distinctive V-shaped or chevron-like profile. It is set against a solid, mustard yellow background. The lighting creates soft shadows, highlighting the three-dimensional form of the handle.

STOPPINO

**Il modo più facile di
fermare la porta**

**The easiest way to
stop the door**

Stoppino Open

Stoppino Open è un fermaporte magnetico a pavimento estremamente minimalista sviluppato per porte da interno. Il suo utilizzo evita che la porta sbatta a causa di improvvisi colpi di vento o che possa urtare pareti o mobili in prossimità di quest'ultima.

Stoppino Open si compone di tre elementi: un corpo che viene inserito nel telaio della porta e una base con magnete per il pavimento. Stoppino Open è disponibile in due versioni: il modello 1 si caratterizza per una base dal limitato impatto visivo mentre il modello 2 ha una base con un design peculiare disponibile in diverse finiture. Entrambi le basi possono essere applicate a pavimento tramite biadesivo o con una vite e sono calpestabili. L'applicazione di Stoppino Open con biadesivo è ideale per ambienti con riscaldamento a pavimento o dove non è possibile effettuare fori. Il biadesivo è testato per resistere a situazioni con elevata umidità o temperatura.

Stoppino Open is a concealed magnetic door-stopper developed for interior doors. It prevents the door from opening too far and damaging nearby wall or furniture or slamming because of the wind. Stoppino Open has three main parts: the body to be fixed in the door inner frame and a base with a magnet for the floor. Stoppino Open is available in 2 versions: Model 1 has a small base for a low visual impact whereas model 2 has a specific design base available in different finishes. Both bases can be fixed to the floor with self-adhesive or with a screw and they are both walkable. The application of Stoppino Open with self-adhesive fixing is suitable for floor heating systems or where it is not possible to drill the floor. The self-adhesive is tested for environments with high humidity or temperature.

Stoppino Open è un sistema meccanico con applicazione magnetica di fermo per porte che permette di bloccare la porta in posizione di apertura.

***Stoppino Open is a mechanical door-stopper with magnets.
It allows to leave the door in the open position.***

Calpestabile

**Fissaggio base a pavimento
con biadesivo o piccola vite**

Nessun foro invasivo a pavimento

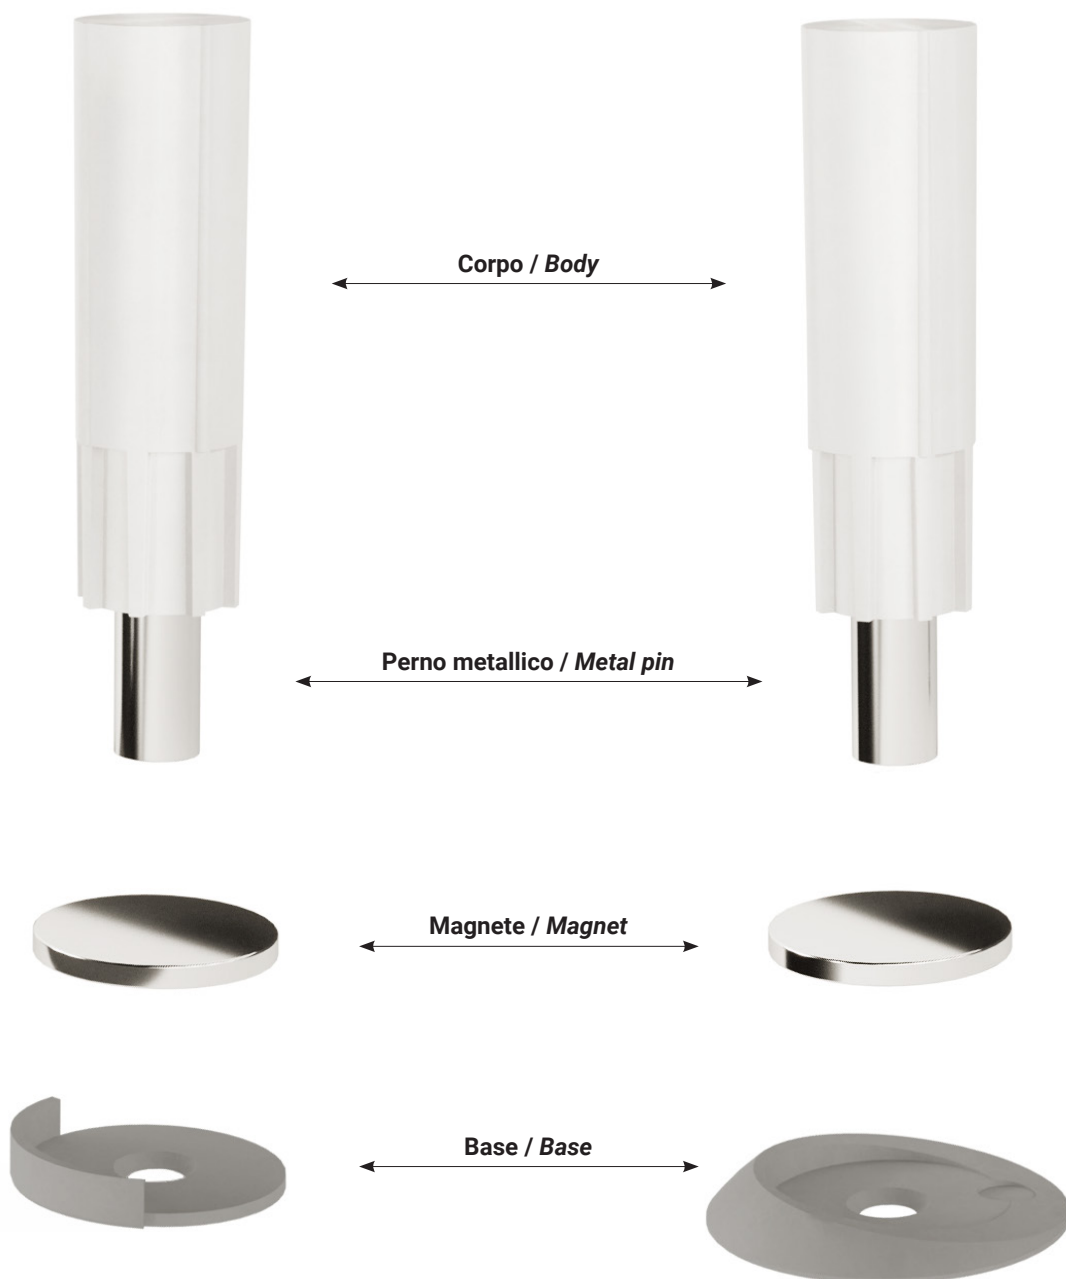

Prodotto in Italia

Walkable

**The base can be fixed to the floor
with adhesive or a small screw**

No invasive holes in the floor

Made in Italy

Base applicabile a pavimento con biadesivo o con vite. Si consiglia l'applicazione del corpo di Stoppino Open nel telaio della porta per un corretto funzionamento.

Floor mounted base with self-adhesive fixing or with a screw. It is highly recommended to install Stoppino Open body in the door wooden frame to ensure a proper functioning.

- Distanza min. (porta-pavimento) 5 mm / 0,20 inch
- Distanza max. (porta-pavimento) 14 mm / 0,55 inch

- *Minimum gap (door-floor) 5 mm / 0,20 inch*
- *Maximum gap (door-floor) 14 mm / 0,55 inch*

Stoppino X

Stoppino X è un fermaporte magnetico esterno da applicare direttamente sul pannello porta tramite biadesivo o con viti nascoste. Semplicità e rapidità di montaggio direttamente sulla porta già installata. Stoppino X ha una base dal design calpestabile e si applica a pavimento tramite biadesivo o con una vite.

Stoppino X is an external magnetic door stopper to be applied directly on the door panel with adhesive or with hidden screws. Simple and quick fixing on the door already installed. Stoppino X has a specific design walkable base that can be fixed to the floor with self-adhesive or with a screw.

Stoppino Close

Stoppino Close è un sistema di chiusura per porte senza l'utilizzo di tradizionali serrature. Grazie al sistema con due magneti è possibile tenere l'anta in posizione di chiusura in qualsiasi situazione.

I magneti permettono inoltre di eliminare qualsiasi rumore avvicinando o allontanando l'anta. L'installazione è altrettanto semplice ed immediata grazie agli scodellini che permettono di mantenere in posizione corretta i magneti e agendo su una vite di regolarne l'attrazione. Stoppino Close scompare completamente alla vista quando la porta viene chiusa. Per una soluzione ancor più minimalista è possibile applicare i magneti all'estremità superiore della porta, ottenendo così una pulizia completa dello stipite e del profilo della porta, eliminando invasive serrature. Stoppino Close è utilizzabile su ante in legno e su cornici d'alluminio.

Stoppino Close is a closing system for doors without traditional locks. Thanks to a system with two magnets, it is possible to keep the door shut in any situation. Moreover, there is no noise when opening and closing the door. Installation is quick and easy since the housing cups provided set automatically magnets in the correct position and with a screw you can adjust the attraction force.

Stoppino Close is completely concealed when the door is closed. Magnets can also be applied on the top of the door for an even more minimalistic solution so that the frame and the side of the door will be completely clean with no visible hardware. Stoppino Close can be applied on wooden and aluminium frame doors.

**Stoppino Close ferma la porta in posizione di chiusura.
E' un sistema di chiusura magnetico per porte
sprovviste di serratura.**

Condizioni generali di vendita

MODELLI, DIMENSIONI, PESI

Verum Italy si riserva, in qualunque momento e senza preavviso, di modificare e/o sopprimere gli articoli del presente catalogo. Dati, misure o schemi su questo catalogo hanno solamente carattere informativo, non sono vincolanti e possono essere soggetti a variazioni.

ORDINI

Verranno accettati solo ordini per iscritto; ordini pervenuti telefonicamente o verbalmente non saranno ritenuti validi. Con la trasmissione dell'ordine il cliente accetta tutte le condizioni elencate di seguito. L'ordine è vincolante per il cliente, mentre impegna Verum Italy solo dopo espressa accettazione. Non possono essere effettuati annullamenti senza l'accordo scritto di Verum Italy, che si riserva comunque di applicare oneri e spese che ne derivino.

TERMINI DI CONSEGNA

I tempi di consegna dell'ordine decorrono dalla data della nostra conferma salvo diversa stipulazione e non potranno in nessun luogo dare luogo ad indennizzo/risarcimento da parte di Verum Italy. I termini di consegna indicati nell'ordine sono da intendersi puramente indicativi e non vincolanti per Verum Italy, che non sarà responsabile di eventuali ritardi. In particolare non è responsabile per ritardata o omessa consegna, totale o parziale, imputabile a cause di forza maggiore, o ad eventi che siano fuori dal suo controllo, quali, in via esemplificativa, scioperi aziendali e di trasporto, mancanza di energia elettrica, mancata o ritardata ricezione di materie prime, ecc. Verum Italy si riserva il diritto di evadere l'ordine anche con spedizioni parziali.

DATI IDENTIFICATIVI DEL CLIENTE

Il cliente è responsabile della comunicazione dei propri dati fiscali forniti in base alla legislazione vigente (Ditta, Ragione sociale, Sede, Partita IVA). I dati del cliente saranno custoditi ed elaborati per adempimenti degli obblighi di Legge. Ogni altro utilizzo dovrà essere espressamente autorizzato dal cliente.

SPEDIZIONI

La merce viaggia a rischio e pericolo del committente franco stabilimento Verum Italy che declina comunque ogni responsabilità per ritardi o rotture verificatesi durante il trasporto. Spetta al committente verificare la merce in arrivo e contestare eventuali danni direttamente al trasportatore, anche se questi è stato scelto da Verum Italy, entro 8 giorni dal ricevimento della stessa mediante raccomandata A.R. Si accettano eventuali reclami sulla quantità di pezzi ricevuta al massimo entro 8 giorni dalla data di consegna.

PAGAMENTO

I pagamenti devono essere effettuati direttamente a Verum Italy nei termini pattuiti. Trascorsi i termini Verum Italy provvederà senza alcun preavviso all'addebito degli interessi di mora stabiliti per Legge, che decorreranno dal giorno immediatamente successivo alla scadenza del debito. Il mancato rispetto dei pagamenti pattuiti, comunicati per iscritto nelle conferme d'ordine, può comportare, a discrezione dell'azienda, il blocco degli ordini in corso fino a pagamento avvenuto e la sospensione delle ulteriori forniture anche se già accettate. I pagamenti dei prodotti già consegnati non saranno subordinati al completamento dell'ordine. Nessun pagamento potrà essere differito nel caso di contestazioni salvo accordi diversi. Fino al momento in cui Verum Italy non abbia ricevuto il pagamento del valore complessivo dei prodotti, gli stessi rimarranno di esclusiva proprietà di Verum Italy.

RESPONSABILITÀ

Non si accettano merci di ritorno se non rese in Porto Franco e preventivamente autorizzate da Verum Italy. Solo il materiale riscontrato difettoso da Verum Italy sarà sostituito gratuitamente senza nessun altro indennizzo per danni, spese o riparazioni. Verum Italy non si assume alcuna responsabilità e alcuna garanzia è prevista per difetti e danni derivanti da installazione impropria o cattivo uso. È vietato agli acquirenti effettuare qualsiasi lavorazione che modifichi le caratteristiche originarie dei prodotti Verum Italy.

CONTROVERSIE

Le forniture sono soggette alla Legge italiana. Per qualunque controversia è riconosciuta la sola ed esclusiva competenza del Foro di Milano, Italia.

TERMINI DI GARANZIA

Si certifica che i prodotti Verum Italy sono interamente prodotti in Italia nelle nostre Aziende, salvo dove espressamente indicato. Ogni articolo, stampato o fuso e lavorato a mano è unico ed irripetibile e le piccole differenze cromatiche, che possono riscontrarsi, rappresentano la garanzia più certa dell'artigianalità del prodotto. Eventuali imperfezioni e/o differenze nella forma, nelle finiture e nei materiali sono da attribuire alla tecnologia e/o alle operazioni manuali necessarie alla lavorazione del prodotto. L'inosservanza delle istruzioni di montaggio e/o una non cura nell'utilizzo dei prodotti Verum Italy possono causare il mal funzionamento per i quali si declina ogni responsabilità.

CONSIGLI PER LA PULIZIA, LA CURA E LA MANUTENZIONE DEL PRODOTTO

Si consiglia di pulire i prodotti Verum Italy utilizzando solamente un panno asciutto o leggermente inumidito con acqua. Non utilizzare assolutamente alcun detergente chimico per non alterare l'efficacia del trattamento superficiale.

General sales terms and conditions

MODELS, DIMENSIONS AND WEIGHTS

Verum Italy reserves the right, at any time, to change and/or to cancel the items of this catalogue. Information, size or drawings in this catalogue are only for information and are not binding.

ORDERS

Orders are accepted only in written form; orders or modifications communicated verbally and/or by phone will not be valid. Customers accept and are aware that their order is subject to the following general sale terms and conditions. Verum Italy is not legally bound by an order until we have confirmed it in written form but the Customer is bound when he/she accepts it. No cancellation of the order is valid without written agreement from Verum Italy Srl, which reserves the right to apply charges.

DELIVERY TERMS

Delivery time starts from the order confirmation date, unless otherwise agreed, Verum Italy Srl will not recognize any indemnity or compensation. The order delivery terms are purely indicative and not binding for Verum Italy Srl, which is not responsible for any delay. Verum Italy is not liable for delayed or skipped delivery in its totality or partiality, due to acts of God or other event out of its control, like for example labour or freight strikes, lack of electric energy, missed or delayed raw material receipt and so on. Verum Italy reserves the right to dispatch orders even with partial shipment.

CUSTOMER INFORMATION

The Customer is responsible for all the identification information data requested by the legislation in effect (Company name, legal name, Address, VAT, etc.). All Customer's data will be kept and used in full compliance with the Italian Law. All other use must be specifically allowed by the Customer.

DELIVERIES

Ordered goods will be at the Customer's risk from the moment of delivery so Verum Italy declines any responsibility for delays or damage caused during the shipment. The Customer is responsible for checking the delivered goods and reporting possible damage to the forwarder, even if chosen by Verum Italy, within 8 (eight) days from receipt by certified mail. The Customer is also responsible for checking the quantity of the delivered goods; claims about quantity will only be accepted within 8 (eight) days from receipt.

PAYMENTS

Payments shall be made directly to Verum Italy Srl in the manner and at the time agreed by the parties. In the event of failure to make the payment at the due date, the Customer will, with effect from the invoice date, be charged of interests and penalties. If the Customer is in default, Verum Italy shall have the right to defer shipment or any future order intake or delivery until such default is remedied or said credit reestablished to our satisfaction. No claim shall enable the customer to suspend payments. The payment of products already delivered shall not oblige Verum Italy to complete the order. In case of disagreements payments cannot be deferred, unless otherwise agreed. Until the receipt of payment for the total value of the goods ordered, Verum Italy will be and remain the sole and only proprietor of the goods.

RESPONSABILITY

Verum Italy does not accept return of goods without prior approval, in all cases costs for goods returns must be borne by the Customer. Only faulty goods found by Verum Italy Srl will be replaced free of charge without any other indemnity or refund for damage or repairs. Verum Italy is not responsible for any faulty goods which have been manipulated in a bad way. Any damage caused by improper installation or use is not covered by any guarantee. Customers are not authorized to rework Verum Italy products.

CONTROVERSY

Orders are governed by the Italian Law. If the parties cannot reach amicable settlements, disputes shall be referred uniquely to the competent civil court in Milano.

WARRANTY

We certify with our complete and utmost corporate integrity that Verum Italy products are produced solely within our Italian manufacturing facilities, if not expressly indicated. Each piece of hardware, forged or cast is hand-crafted to perfect the uniqueness in design and finish. The guarantee of originality is due to the fact that the finish of each product is slightly different than the previous item. Any imperfections or differences in form, finishes and materials are to be attributed to the technology or manual operations necessary for processing the product. Failure to comply with the instructions and /or a lack of care in use may cause damages for which Verum Italy declines all responsibility.

CLEANING SUGGESTIONS

In order to maintain the quality of the protective treatment and uniqueness of all finishes of Verum Italy products do not attempt to clean with detergents and/or chemicals. Hence, simply use a lightly water moistened cloth to clean the items.
